

A Wish for Change - Happy New Year

*Dear Children Of God in whose hearts He Closely Dwells
And breathe Life to all organs and into all living cells
Let's commit and pledge to live in Love and Peaceful Glory
For this Noble Goal should be the basis of all our life's story*

*And in a world in which we find so much Gossip and Dislike
Where Cruelty and Hate is wielded as a bloody and painful spike
Make a daily practice full of Sweet Smiles and Tender Kindness
And not walk the Earth Mean-Spirited in Self-Induced Blindness*

*Let us Open our Minds and Hearts and make it Easy to Forgive
So in Peace and Love with our brothers and sisters we all live
And let Tolerance and Patience light and always guide our way
So we can delight in Calm Peace of Mind each and every day*

*For our Duty and Purpose of Life we must all try to fulfill
Or else every effort of this life is worth naught and nil
Then a complete re-do of this classroom will be our eventual fate
Since we keep crafting our own Karmas and own Mind-State*

*Let us reject all acts which cause Misery and causes Pain
For in these there is nothing Human and nothing to gain
Sons and Daughters of God we are gifted Unlimited Potential
But to understand, believe and practice this is so essential!*

*Forget not that we are the Children of He the Benevolent
And there is surely a purpose for which, here we were sent
So breathe not fire but Peace and Speak only Words of Love
Be that Loving Child whom our Father God, would be Proud Of*

*And as we travel on in time into the unknown and the New Year
Promise to build our tomorrows not with bricks of Ignorance and Fear
But with Light, Love, Peace, Unity and all that is great each day
My Dear Brothers and Sisters A Happy New Year and Namaste*
