

## *My Song Of Peace (Prayer)*

*(Written by Pt. Jag B Mahadeo - Sing to 'Baharon Phool Barsao')*

*We are all born of the same Earth,  
We share one God, Sky and Sun  
Remember friends, our God is one.*

*We want all minds to be of peace,  
For we want wars, and fights to cease,  
We want no hate, we want no strife,  
For we were born for love and life,  
Let us all pray to the divine,  
We shall not rest till wars are done,  
Remember friends, our God is one.*

*We are all born of the same Earth,  
We share one God, Sky and Sun  
Remember friends, our God is one.*

*We are all children of the earth  
Regardless of country or birth,  
With peace and love we can all live  
If we can all learn to forgive  
A world which teach oneness of mind,  
A world we seek to make noble,  
Remember friends, our God is one.*

*We are all born of the same Earth,  
We share one God, Sky and Sun  
Remember friends, our God is one.*

*We all gather to sing and pray  
We all worship in our own way  
Some of us pay homage each day  
With folded hands and Namaste  
We are all God's Humanity  
A world of peace we wish to see  
Remember friends, our God is one.*

*We are all born of the same Earth,  
We share one God, Sky and Sun  
Remember friends, our God is one.  
Remember friends, our God is one.*
